PERSONAL SUMMARY

Full-Stack generalist Software Engineer with 5 years' experience in enterprise applications, specializing in SaaS, APIs, cloud integration, DevOps, and high-performance UI/UX. Skilled in Agile/Scrum, cross-system data exchange, and collaborating with legal, safety, and compliance teams to modernize systems and ensure security and quality.

WORK EXPERIENCE

Software Developer II

LawDepot (Sequiter Inc.), Edmonton, AB, Canada (Remote)

July 2022 - Present

- Contributed as a core member of the Contracts team responsible for reusable **Vue.js** components across the platform
- Core developer of *Lawbler*, an internal **low-code authoring tool** that facilitates non-technical staff to create and publish legal documents without developer involvement
- Refactored and extended **RESTful APIs** using **ASP.NET Core** to improve performance, modularity and code maintainability
- Integrated **MySQL stored procedures/functions** to optimize query performance, reduce redundancy, and enforce complex business rules.
- Led **UI performance optimization** efforts using **Google Lighthouse/Chrome DevTools**, achieving up to **80% score improvements** for critical interfaces
- Developed and maintained **Azure DevOps CI/CD pipelines**, improving deployment automation and minimizing downtime.
- Collaborated with legal, claims, and compliance teams to ensure software changes met **regulatory and operational requirements**
- Acted as the development team's **system architecture specialist** and represented development in the **Architecture Center of Excellence**, contributing to enterprise technical standards and best practices.
- Mentored developers, promoting adoption of secure SDLC practices and high-quality engineering standards.
- Actively engaged in all **SCRUM ceremonies** and **Agile development processes**, including collaborative **code reviews** to ensure code quality and team alignment.

Tech Stack: **Vue.js, React.js** (internal tools), **ASP.NET Core (C#)**, **MySQL, Azure DevOps, Vite, Vitest, Jest, Powershell, Bash, Git, CLI, Agile, SCRUM**

Software Developer

ez Enroute LTD., Edmonton, AB, Canada (Remote)

April 2021 - June 2022

- Developed and maintained backend CRUD systems, APIs, and AI/ML integrations for an IoT-driven logistics platform.
- Built **React.js UI components** and internal dashboards to improve operational visibility and client reporting.

- Led a **7-developer documentation initiative** using Docusaurus, enhancing onboarding and operational consistency.
- Delivered **PostgreSQL-backed features** and API endpoints to support live operational workflows.
- Coordinated with field teams to ensure proper IoT device usage, resolving integration and support issues.

Tech Stack: **React.js, ASP.NET Core, PostgreSQL, Docusaurus, Git, React Testing Library, Agile, SCRUM**

Capstone Tech Lead (Academic)

Northern Alberta Institute of Technology, Edmonton, AB, Canada

September 2020 - December 2020

- Led a **19-member cross-functional team** to deliver a client-approved **Vue.js web application** for Story City Australia.
- Oversaw architecture decisions, code reviews, and sprint deliverables under Agile timelines.
- Delivered full documentation, secure deployment, and acceptance-tested features.

Tech Stack: **Vue.js, Node.js, Express.js, MongoDB, Git, Kanban**

SKILLS

- **Languages & Frameworks:** C#, JavaScript, TypeScript, Python, Java, Vue.js, React.js, ASP.NET Core, Flask, Node.js, Express.js
- **Cloud & SaaS:** Azure DevOps, SaaS Configuration, API-based Integrations, Middleware (SFTP, REST), Low-Code Platforms
- **Databases:** MySQL, PostgreSQL, MongoDB, Oracle (familiarity)
- **Testing & Quality:** Unit/Integration/Regression Testing, Vitest, React Testing Library, Pytest
- **Security & Compliance:** Secure SDLC, Authentication/Authorization, Cybersecurity Best Practices
- **DevOps & Tools:** Git, Powershell, Bash, Docker, JIRA
- **Methodologies:** Agile, Scrum, DevOps, Kanban, TDD

EDUCATION

Northern Alberta Institute of Technology (NAIT) - Edmonton, AB, Canada

Diploma in Digital Media and IT - Specialization: Computer Software Development

2017 - 2020

ACTIVE CERTIFICATIONS

- Certified ScrumMaster® (Expiration: March 5, 2026)
